

WMS Demo Guide

Picking module

How to test

- 1 Open the app.
- 2 Go to Operations -> Picking.
- 3 Tap Get task.
- 4 Scan the QR code for the current item.
- 5 Repeat for all 5 items.
- 6 On the finish screen, tap Complete task.

Demo Mode

If camera access is unavailable: right menu button -> Demo Mode.

Demo data

Scan order

Bag -> Gloves -> Travel mug -> Jeans
-> Cap

Main flow

1. Get task
2. Scan item
3. Move to next item
4. Complete task

Checks

- Scan a wrong QR code to see the error state.
- Skip an item to test the skipped item flow.
- Collect all 5 items to check the finish screen and mocked task submission.
